Smoke/Carbon dioxide detectors

With the change of season and welcoming of spring it is a perfect opportunity to check your smoke/carbon dioxide detectors some homes still have battery operated detector spring cleaning is a good time to swap out old for new and those decetors that dont require batteries should be checked to make sure they are still working.

per frie marshal Tom Young all Lansdowne residents are welcomed to go to the LDFD any Tues or Thurs 7pm-9pm get a detector that is operational for 10 years w/out a battery. If the resident is unable to go to the firehouse..elderly or disabled you can have one brought to the home by calling 610-623-1309.

You must be a resident of Lansdowne to receive.

-**accreditation of PD** the other group Chief Rutherford considered got back to him and he was able to review a webinar about the proprietary system. We made a decesion to use Aspirant consuting group at the last council meeting and Finance will be reviewing

Body Cameras- for the most part they are going great. officers are using the time that they wrte up reports to upload footage to prevent extended upload period at shift end.

learning curve with hot call and may forget to grab off of charging/upload docking station. sometimes dont know that camera not working until error occurs w/ upload. however, company states that if issues occur video will can likely be retrived even w/ error.

Animal control- there was a concern about the appropriate process of when animal control should be called and the borough employee was made aware that animal control is the entity that the borough staff should utilize.
